

GRAFF AND PAUL TROJANI CONTINUE THEIR PODIUMS COLLECTION IN NAVARRA

Graff Racing keeps a 100% podium ratio in Ultimate Cup Series' single seater challenge with Paul Trojani in Navarra (Spain).

In qualifying, Paul Trojani set the 2nd fastest time of the session. As he started 2nd of the first race, he managed to save the podium despite a mechanical issue late into the race. The second race saw Paul fighting against Gaspard Le Gallais with intensity for the win but eventually had to settle for 2nd place. Keeping his momentum, Paul Trojani was finally able to convert his speed into a race win in the last race of the weekend.

Pascal Rauturier, Team Manager: *"Paul was discovering the very technical circuit of Navarra and despite this, he showed his adaptation skills and a good level of performance. The gaps with the rest of competitions are getting narrower and we will need to remain fast and constituent to win all the remaining races. The whole team is very motivated to give its best and target the title with Paul."*

The next race of Ultimate Cup Series will take place on May 26-28 in Hockenheim (Germany).
